

Date Change

THE LIGHTHOUSE CHEF'S BRIGADE

24th

OPEN DAY - Wednesday ~~17~~ January 2024

drop in between 10am to 2pm

Internationally trained Chef **Noel Goulding** will be returning to the Lighthouse Project, a place he loves, to start a new innovative community cooking project.

We're looking to establish the first Community Chef's Brigade, to serve and support the work of the Lighthouse Project, it's Pantry, and it's Foodbank.

Interested in attending? Call Noel on 07906 482897, or ask at the Lighthouse Project reception.

The purpose of the **Open Day** is to inspire and recruit volunteers who love to cook and want to combine this with helping others. If you like what you see Noel will train you to become part of the **'Lighthouse Chef's Brigade'**

The Chef's Brigade will be fun, creative, and supportive, being trained and taught how to create recipes, and how to cook exciting community lunches and fresh meals for our Food projects. For some this could be a route into qualifications, or back into work.
